SECTION K [eff: 2-14-85]

"S" - Specific Use Control

There are certain limited circumstances under which the specific use control (S-District) may be allowed. The intent is to allow property which is being rezoned to be restricted to one or more uses of a particular zoning district where better control of its use is needed to ensure the health, morals, safety, prosperity, and general welfare of the community. Specific Use control classifies or reclassifies an area in a manner which can not be controlled as similarly situated land. All requirements of the identified district and all other general requirements shall apply to the specified use or uses. [eff: 4-4-96]

Procedure

A. The Specific Use Control may be implemented in the following manner:

1. The property owner or lessee (or authorized agent) may state in the application for rezoning that the property shall be used for one or more specific uses and those uses only.
2. The County Planning Commission may state that the property shall be used for one or more specific uses in its recommendation to the Rural Zoning Commission.
3. The Rural Zoning Commission may state that the property shall be used for one more specific uses in its motion which is forwarded to the County Commission.
4. The Board of County Commissioners may state that the property shall be used for one or more specific uses in its motion to rezone said property. If the Board of County Commissioners denies or modifies the recommendation of the Rural Zoning Commission, a unanimous vote of the Board shall be required.

B. The Specific Use Control is subject to the following:

1. If the specific use (or uses) is a Principal Permitted Use of a particular zoning district, the rezoning to that specific use (or uses) becomes effective thirty (30) days after the date of adoption by the Board of County Commissioners.
2. If the specific use (or uses) is a Conditionally Permitted Use of a particular zoning district, the Board of Zoning Appeals must also approve said use (or uses) as outlined in Chapter 7 of these regulations. The property owner or lessee (or authorized agent) may apply to the Board of Zoning Appeals for approval of the Conditionally Permitted use (or uses) only after the Board of County Commissioners has acted upon and approved said request.

C. The Specific Use Control shall be noted on the official zoning maps by the designation of an "S" immediately following the particular zoning district. (Sample - B-1S, B-3S, I-1S, etc.)

D. Any S-District designated B-1AS, B-2AS, M-1S, or M-2S are specific uses granted under the previous zoning regulations and therefore any change in use in these districts may be granted only if an appropriate district under these regulations is requested. No change in use of an S-District as regulated under the previous zoning will be permitted.

5. All requirements of the identified District (i.e. frontage, setbacks, etc.) and all other general requirements (i.e. parking, signs, etc.) shall apply to the specified use or uses.

Change of Use or Uses

If a property owner wishes to change the use or uses on a tract which is designated as S (Specific Use), an application for rezoning must be completed and filed which indicates either rezoning for another specific use or uses or rezoning to another zoning district without the S Specific Use Control. If the request is to change from one specific use to another specific use, the appropriate zoning district must be requested. All such requests will be processed in accordance with Chapter 9, Section G 2, of these regulations.
